EDUCATION

Birla Vishvakarma Mahavidhyalay
B-Tech in Computer Science

Sep. 2022 – May 2026

Anand

RELEVANT COURSEWORK

Data Structures	Algorithms Analysis	Operating System	Web-Development
Object Oriented Programming	Database Management	Computer Architecture	Computer-Network

EXPERIENCE

Kalsariya software-development

june 2024 – july 2024

Developed E-commerce Website using MERN Stack

Surat , Gujrat

- Developed a service management system using PHP for backend logic and MySQL for database management.
- Designed user-friendly interfaces for service requests, tracking, and administration.
- Implemented user authentication, role management, and dynamic content management.
- Developed custom modules for tracking service status and generating reports.
- Optimized the system for efficient data handling and real-time updates.
- Ensured secure communication and data storage using industry-standard practices.

PROJECT

Developed Open Service Management System using PHP and MySQL

- Designed and developed a fully functional e-commerce website using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented secure user authentication and authorization systems.
- Developed RESTful APIs to manage products, categories, and customer orders.
- Integrated payment gateway and order management features.
- Used React.js and Bootstrap to create a responsive and dynamic front-end UI.
- Handled product image uploads and storage using Cloudinary.
- Optimized the website for performance and scalability

TECHINICAL SKILLS

Languages: Python, Java, C, HTML/CSS, JavaScript ,PHP ,C++ , R

Developer Tools: VS Code, Eclipse, Google Cloud Platform, R Studio

Technologies/Framework/Library: Linux, GitHub, WordPress , React , Node js , Pandas , Numpy

Database : mysql , mongodb

KEY STRENGTHS

- Problem-Solving Skills
- Creativity
- Time Management

ACHIEVEMENT

- Solved 350+ coding problems in C++, covering a wide range of topics such as data structures, algorithms, dynamic programming, and more
